### 1. How to play

- Cut the squares.
- Fold following the lines, solid lines are *mountain folds*, dotted lines are *valley folds*.
- Fold each piece to produce each of the six sides.
- Assemble three sides to create a corner, and the three other sides to create the other corner.

- Join the two three-sided corners introducing the triangular ends into their respective the triangular pockets, no glue is needed.

# Doubles Dungeon

Roll a 10-sided die (0 is 10). Double the number you roll. Move to the next space with that number. If you land on a red number, go back 3 spaces. If you land on a green number, go ahead 2 spaces.

Start here

16	18	20	2	10	6	4	12	14
14	12	10	8	6	4	2		8
								18
								6
16	8	12	4	14	10	20	2	16
6								
2	18	14	20	6	4	8	12	★

To win, land on the star by rolling and doubling any number not on the path ahead of you any more!

Red = go back 3 spaces    Green = go ahead 2 spaces
